Subject: RE: Revised Menthol Study Timeline

dear Valerie,
let's discuss tomorrow. There is a need for change starting with data analysis.
Best regards
Hans

Subject: Revised Menthol Study Timeline

Hans and Jan:

From what I could gather on this morning's MDS call, I have revised the JLI menthol timeline. Given the uncertainty around scheduling at this time, I would appreciate it if you would take a look at this and let me know if you think it reasonably captures the plan at this point in time.

If there are changes that need to be made, please let me know by Friday so that I can have all of the schedules at least up to date as of the beginning of my leave.

Thanks
Valerie
